*Just a few minutes after I published Hot Air '24 III, President Joe Biden announced his withdrawal from the last political race of his career. Thank you for your service, Joe, and thanks for doing this for the nation. Country over party.*

JOSEPH R. BIDEN, JR.

July 21, 2024

My Fellow Americans,

Over the past three and a half years, we have made great progress as a Nation.

Today, America has the strongest economy in the world. We've made historic investments in rebuilding our Nation, in lowering prescription drug costs for seniors, and in expanding affordable health care to a record number of Americans. We've provided critically needed care to a million veterans exposed to toxic substances. Passed the first gun safety law in 30 years. Appointed the first African American woman to the Supreme Court. And passed the most significant climate legislation in the history of the world. America has never been better positioned to lead than we are today.

I know none of this could have been done without you, the American people. Together, we overcame a once in a century pandemic and the worst economic crisis since the Great Depression. We've protected and preserved our Democracy. And we've revitalized and strengthened our alliances around the world.

It has been the greatest honor of my life to serve as your President. And while it has been my intention to seek reelection, I believe it is in the best interest of my party and the country for me to stand down and to focus solely on fulfilling my duties as President for the remainder of my term.

I will speak to the Nation later this week in more detail about my decision.

For now, let me express my deepest gratitude to all those who have worked so hard to see me reelected. I want to thank Vice President Kamala Harris for being an extraordinary partner in all this work. And let me express my heartfelt appreciation to the American people for the faith and trust you have placed in me.

I believe today what I always have: that there is nothing America can't do – when we do it together. We just have to remember we are the United States of America.

A handwritten signature in black ink, appearing to read "J. Biden". The signature is fluid and cursive, with a long horizontal stroke on the left and a more compact, stylized "Biden" on the right.

Trump's support in Florida is crumbling as women voters shift to Biden. A FOX poll shows Biden leading among women, 47% to 44%, while Trump's lead among men is 57-38. Women's higher voter turnout could decide Florida's 30 electoral votes, influenced by the abortion rights ballot initiative. □ politics

## Recognize Those Who Do Not Prioritize Democracy

Be aware of the "Pass The Torch" PAC, which involves Steve Schmidt, a Republican strategist. Schmidt, at the behest of donors like Tom Strickler, has been promoting a narrative suggesting that President Biden and Vice President Harris should step down from running for re-election.

Additionally, exercise caution regarding discredited pollsters like Nate Silver, who was recently hired by Polymarket. Polymarket is a crypto-based prediction market platform that allows users to place bets on world events and is backed by the venture-capital firm Founders Fund.

Founders Fund, led by Peter Thiel, is heavily investing in Polymarket, even as a key U.S. regulator intensifies efforts to restrict activity on such platforms. Thiel has also made significant contributions to J.D. Vance's U.S. Senate campaign and played a pivotal role in securing Vance's position on the VP ticket with Trump.

These are just a few individuals interconnected working against our democracy and the will of the voters. Don't allow them to undermine our democratic values. Stay informed, stay vigilant, and empower yourself with knowledge.

But what gives me a lot of hope right now is that if President Biden decides to step back, we have Vice President Kamala Harris, who is ready to step up to unite the party, to take on Donald Trump and to win in November. Remember, 80 million people voted for Joe Biden and Kamala Harris in 2020 knowing that Kamala Harris

That is not the reason. The IRS just collected over \$1B in back taxes owed by the rich at Biden's direction. The wealthy are angry they are being forced to pay their fair share. They do not want the tax cuts to expire next year. They don't want Biden's administration interfering with SCOTUS's Chevron decision or tearing down monopolies. They want to get wealthier while everyone else gets poorer. They do not want President Biden or Kamala Harris having any chance of winning.

We are under attack from Crooked Joe Biden, the WORST PRESIDENT IN THE HISTORY OF THE United States, and a Weak and Pathetic man who uses the “Justice” Department to harass and intimidate his Political Opponents because he is in no way capable of winning by himself. He has created a horrible precedent for the future. Democrat appointed Judges and Prosecutors, together with local D.A.’s and Attorney Generals, have played the game with them. Based on the opinion of legal scholars and experts, they had no good case out of the many against me, but of all the cases, their best shot was the documents case, a complete HOAX, in Florida. They illegally RAIDED MY HOUSE, Mar-a-Lago, in that one. Well, that case was just THROWN OUT IN FULL IN THAT IT WAS UNCONSTITUTIONAL. THE OTHERS ARE ON WEAK GROUNDS, including those where we have Crooked Judges and Prosecutors. It is all a Political Witch Hunt, and Biden should insist that EVERYTHING NOW BE DROPPED. RUN A FAIR AND OPEN CAMPAIGN!!!

A handful of alumni of Hillary Clinton's and Bernie Sanders' 2016 campaigns have come together to form United for Harris, the first public-facing effort to promote a potential 2024 presidential campaign for Harris so far.

Organizers compare the effort to Ready for Hillary, the group that formed months before Clinton officially entered the 2016 contest.

He also was found guilty of sexually assaulting E. Jean Carroll and she was awarded \$8 million in damages. Then he continued to deny it happened and she sued him for defamation - and a second jury awarded her about \$80 million more in damages. And, as if that's not enough, in a bench trial he was found to have operated his businesses in a persistently fraudulent manner and fined \$450 million and forbidden from being an official for any New York company for several years.

### President Joe Biden announces he won't run for reelection

By Joseph Konig Washington, D.C.

UPDATED 2:08 PM ET Jul. 21, 2024 PUBLISHED 1:49 PM ET Jul. 21, 2024

President Joe Biden announced on Sunday in a letter addressed to the nation that he will not seek reelection in November.

"It has been the greatest honor of my life to serve as your President," he wrote. "And while it has been my intention to seek reelection, I believe it is in the best interest of my party and the country for me to stand down and to focus solely on fulfilling my duties as President for the remainder of my term."

Biden will cede the Democratic nomination, but did not endorse his Vice President Kamala Harris or any other candidate in the letter. The remarkable move comes after weeks of questions about his age and ability to lead Democrats to victory against former President Donald Trump in the general election.

2:54 PM 7/21/2024

Not long after announcing he was dropping out of the 2024 presidential contest, Biden endorsed Vice President Kamala Harris as the Democratic Party nominee.

"My very first decision as the party nominee in 2020 was to pick Kamala Harris as my Vice President. And it's been the best decision I've made," Biden said.

"Today I want to offer my full support and endorsement for Kamala to be the nominee of our party this year," he emphasized.

The president also urged his fellow Democratic Party members to unite against their Republican opponents: former President Donald Trump and vice presidential nominee Sen. J.D. Vance of Ohio.

"Democrats — it's time to come together and beat Trump," Biden said. "Let's do this."

Since age is an issue, perhaps the New York Times would care to weigh in on the mental acuity of the oldest guy in the race. They can start with this fresh sample from last night's campaign rally:

(graphic of word salad)

"These killers, these killers, these, they're sharp, you know, the Press gets angry, they said, is president Xi of China, is he a smart man? I said, no he's a BRILLIANT man, he controls 1.4 billion people with an iron fist, he, makes guys like Biden looks like babies, they don't know whether they're coming or going, yes, he's, the next day headlines: Trump calls him brilliant how dare...No, no, okay, let's say he's not a smart man, okay, whatever makes you happy, no matter what you do, no matter what you do, I say he's a brilliant man, they went crazy, because I called him brilliant, so I'm just going to have to say, he's okay, he's okay... No, he's a very smart, but, and, and you know what else? He's a, fierce person, you understand that? Some of the people here know that, what this means, especially some of the women, right? They know better than the men about fierce. I know the women, they know better than the men, THEY'RE MORE FIERCE THAN THE MEN! Oh her! Her! But, no, he's a fierce individual, he's a fierce man, can you imagine when he meets this guy? He thinks Trump is playing a joke on him. He actually thinks there's some kind of, that I'm playing a joke. He doesn't believe what happened. He doesn't believe the last election. He doesn't believe. He thinks I'm playing a joke on him. But can you imagine President Xi, Putin, all of them, they're all smart, tough, they love their country, or they wanna do well with their country, whatever it is, all ideology. But we have to have somebody who can protect us, and Orban was right, we have to have somebody that can protect us. Right now we have really low IQ people in there, we have, and the president in particular, he has about a seventy IQ, and he's going against two hundred and ten, it never works out, it never works out, WHEN I'M BACK IN THE WHITE HOUSE!"

57% of Americans think Trump should QUIT the race, including 51% of independents and 26% of Republicans.

This is a far more accurate measure of whether people will vote for Trump.

Trump's support is secretly soft. He will LOSE this fall - and potentially by a LOT.

### **Why do people call Kamala Harris a cop?**

Quora

<https://www.quora.com/Why-do-people-call-Kamala-Harris-a-cop>

She isn't in any way a cop now. She used to be a prosecutor and as such was considered law enforcement. But as a Senator that's a mute issue.

8 votes:

Because she was a prosecutor, both for San Francisco and as Attorney General

-----[https://en.wikipedia.org/wiki/Kamala\\_Harris](https://en.wikipedia.org/wiki/Kamala_Harris)

Kamala Devi Harris[b][a] (born October 20, 1964) is an American politician and attorney who is the 49th and current vice president of the United States since 2021, under President Joe Biden. She is the first female vice president and the highest-ranking female official in U.S. history, as well as the first African-American and first Asian-American vice president.[4][5] A member of the Democratic Party, she was previously a U.S. senator from California from 2017 to 2021 and the attorney general of California from 2011 to 2017.

Born in Oakland, California, Harris graduated from Howard University and the University of California, Hastings College of the Law. She began her law career in the office of the district attorney (DA) of Alameda County, before being recruited to the San Francisco DA's Office and later the city attorney of San Francisco's office. In 2003, she was elected DA of San Francisco. She was elected attorney general of California in 2010 and re-elected in 2014. Harris served as the junior U.S. senator from California from 2017 to 2021; she defeated Loretta Sanchez in the 2016 Senate election to become the second African-American woman and the first South

Asian American to serve in the U.S. Senate.[6][7]

As a senator, Harris advocated for healthcare reform, federal de-scheduling of cannabis, a path to citizenship for undocumented immigrants, the DREAM Act, strict gun control laws,[8][9] and progressive tax reform. She gained a national profile for her pointed questioning of Trump administration officials during Senate hearings, including Trump's second Supreme Court nominee, Brett Kavanaugh, who was accused of sexual assault.[10] Harris sought the 2020 Democratic presidential nomination, but withdrew from the race prior to the primaries. Biden selected her to be his running mate, and their ticket went on to defeat the then incumbent president and vice president, Donald Trump and Mike Pence, in the 2020 election. Harris and Biden were inaugurated on January 20, 2021.

2024 presidential election

....

On July 21, 2024, incumbent president and presumptive Democratic nominee Joe Biden suspended his campaign for re-election in 2024 with Kamala Harris, endorsing her to be the Democratic presidential nominee.[349]

...

### Personal life

Vice presidential office portrait of Harris and her husband, Second Gentleman Doug Emhoff, in 2021

In the 1990s, Harris dated Speaker of the California Assembly Willie Brown.[49] In 2001, Harris had a brief dating relationship with talk show host Montel Williams. [363]

Harris met her future husband, attorney Doug Emhoff, through a mutual friend who set up Harris and Emhoff on a blind date in 2013.[364] Emhoff was an entertainment lawyer who became partner-in-charge at Venable LLP's Los Angeles office.[364][365] Harris and Emhoff were married on August 22, 2014, in Santa Barbara, California.[366] Harris is stepmother to Emhoff's two children, Cole and Ella, from his previous marriage to the film producer Kerstin Emhoff.[367] As of August 2019, Harris and her husband had an estimated net worth of \$5.8 million. [368]

Harris is a Baptist, holding membership of the Third Baptist Church of San Francisco, a congregation of the American Baptist Churches USA.[369][370][371][372] She is a member of The Links.[373][374]

Harris's sister, Maya, is a lawyer and MSNBC political analyst; her brother-in-law, Tony West, is general counsel of Uber and a former United States Department of Justice senior official.[375] Her niece, Meena, is the founder of the Phenomenal Women Action Campaign and former head of strategy and leadership at Uber.[376]

Joe Biden has roughly six months left in office. He's no longer concerned with reelection. I'm not sure how much longer he's going to live after he leaves office. The technical term for this is: Totally Out of Fucks to Give.

And the Supreme Court, with the full throated agreement of Republicans, conveniently just handed him total immunity for any actions he might take between now and January.

I don't know, man, but that sure seems like an opportunity to fix a lot of shit.

Hey Stone;

Could you educate Mr. Chamberlain that George Washington also had no children.

Really simple, underdiscussed reason why  
Kamala Harris shouldn't be President

No children

If you went to Central Casting looking for the ideal corrupt and soulless actor to play the Vice President in a movie as the main villain you'd get JD Vance. He's a goddamn caricature.

Statement from Vice President Kamala Harris on Becoming the Presumptive Democratic Nominee for President:

"When I announced my campaign for President, I said I intended to go out and earn this nomination. Tonight, I am proud to have secured the broad support needed to become our party's nominee, and as a daughter of California, I am proud that my home state's delegation helped put our campaign over the top. I look forward to formally accepting the nomination soon."

**Vice President Harris: "As a young prosecutor, when I was in the Alameda County District Attorney's office in California, I specialized in cases involving sexual abuse. Donald Trump was found liable by a jury for committing sexual abuse. As Attorney General of California, I took on one of our country's largest for-profit colleges and put it out of business.**

**Donald Trump ran a for-profit College, Trump University, that was forced to pay \$25 million to the students it scammed.**

**"As district attorney, to go after polluters, I created one of the first environmental justice units in our nation. Donald Trump stood in Mar a Lago and told Big Oil lobbyists he would do their bidding for a \$1 billion campaign contribution. During the foreclosure crisis, I took on the big Wall Street banks and won \$20 billion for California families, holding those banks accountable for fraud. Donald Trump was just found guilty of 34 counts of fraud.**
